Mr. Fausch

Please find the enclosed press release and copy of our Reeves Journal advertisement for Pacific Seismic Products. We are considering placing this ad in other trade journals such as yours. I would appreciate your placement of our press release. I have included hardcopy as well as digital versions.

Thank you for your consideration. PSP will be placing ads throughout the up coming year.

Please give me a call with any problems regarding any of the media or files.

Regards,

Robert Graber
